

B Major Scale Positions Piano Tutorials

Description

Notes: B-1, C#-2, D#-3, E-4, F#-5, G#-6, A#-7, B-8

Since it is a B major scale obviously B will be first note, how to find the remaining notes ?

The simple formula which is used for any major scale:

One- One- Zero- One-One- One-Zero (1-1-0-1-1-1-0)

What do you mean by Ones and Zeros ?

One's (whole step) If there is a one key between two notes, then the interval of those two notes is One.

Eg: from B to C# the interval is one key.

Zero's (half step) If there are no keys or zero keys between two notes, then the interval of those two notes is Zero

Eg: from D# to E the interval is zero (Immediate keys)
