

## â??Eâ?? Minor Scale Positions (Natural) â?? Piano Tutorials

### Description

Notes: E-1, F#-2, G-3, A-4, B-5, C-6, D-7, E-8

Since it is a â??Eâ?? minor scale obviously â??Eâ?? will be first note, how to find the remaining notes ?

The simple formula which is used for any natural minor scale:

Tone-Semi tone-Tone-Tone-Semi tone-Tone-Tone (T-S-T-T-S-T-T)

### What do you mean by Tones and Semi tones?

**Tone (whole step)** â?? If there is a one key between two notes, then the distance between those two notes is Tone or Whole step.

Eg: from C to D is a Tone or Whole step

**Semi tone (half step)** â?? If there are no keys between two notes, then the distance between those two notes is Semi tone or Half step

Eg: from C to C# is a Semi tone or Half step (Immediate keys)
