The simple formula which is used for any major scale:

One- One- Zero- One-One- One-Zero (1-1-0-1-1-1-0)

What do you mean by Ones and Zeros ?

One♭??s (whole step) ♭?? If there is a one key between two notes, then the interval of those two notes is One.

Eg: from G to A the interval is ♭??one key♭?•

Zero♭??s (half step) ♭?? If there are no keys or zero keys between two notes, then the interval of those two notes is Zero

Eg: from B to C the interval is ♭??zero♭?• (Immediate keys)
